4. Hearing to consider a request by **CHARLES HILL** (c/o Pristine Sun) for a Minor Use Permit to allow an additional 2.5 acres of site disturbance for a previously approved 0.450-megawatt (MW) photovoltaic solar energy facility. The additional disturbance is to accommodate the reconfiguration and phased installation of some of the previously approved solar panels. The project will occur over approximately 5.5 acres, and will result in the disturbance (soil movement) of a total area of approximately four (4) acres of the 30.9-acre parcel. The project site is located at 5475 Jack Creek Road, approximately 0.2

mile northwest of Highway 46, approximately five miles west of the unincorporated community of Templeton. The project is located in the Adelaida, Rural planning area. To be considered at the hearing is the approval of an Addendum to the previously adopted Mitigated Negative Declaration (April 5, 2013). Per State CEQA Guidelines (Sec. 15164(a), Sec. 15162), the Lead Agency may prepare an addendum to an adopted negative declaration where all of the following apply: 1) only minor technical changes or additions are necessary; 2) no substantial changes have been made or occurred that would require major revisions to the Negative Declaration due to either new significant effects or substantial increases in the severity of previously identified significant effects; 3) substantial changes have not occurred with respect to the circumstances under which the project is undertaken; 4) new information of substantial importance which was not known or could not have been known at the time of the adopted Negative Declaration. The Environmental Coordinator finds that all of the above conditions apply and an addendum to the adopted Negative Declaration is appropriate. No new information of substantial importance has been identified which was not known at the time that the previous Negative Declaration was adopted. Anyone interested in commenting or receiving a copy of the proposed Environmental Determination should submit a written statement. Comments will be accepted up until completion of the public hearing(s).
